PROFILE

Data and product strategy professional who owns analytics products end-to-end, builds scalable data solutions, and drives product and operational decisions through rigorous analysis across financial services and healthcare.

WORK EXPERIENCE

Dawson Partners

Product Management Associate

Toronto, Ontario

2023-Present

- Led cross-functional initiatives to improve how investment and operating teams make decisions by modernizing data-driven processes and workflows.
- Evaluated and prioritized internal initiatives by **forecasting time savings, cost impact, and organizational leverage**, supporting broader planning and scale across the firm.
- Built and automated cloud-based analytics pipelines (BigQuery, Python), cutting valuation processing time by ~80% (10 hours → <2 hours) and improving data accuracy to ~95%.
- Synthesized insights and recommendations for senior leadership to inform operational planning, resource allocation, and longer-term strategic direction.

Bank of Montreal Financial Group

Senior Data Analyst

Toronto, Ontario

2020-2023

- Supported business and growth strategy across 30+ national campaigns by translating objectives into performance frameworks and decision metrics.
- Improved targeting for a credit limit increase campaign, increasing response rates from <0.5% to ~3%.
- Developed reporting and performance monitoring to support leadership visibility into results and trade-offs.
- Partnered with key stakeholders to assess outcomes, identify opportunities, and refine strategy over time

NdotDigital

Co-Founder (Entrepreneurship)

Mississauga, Ontario

2022-2023

- Partnered with stakeholders across marketing and business teams to assess outcomes, identify opportunities, and refine strategy over time
- Analyzed performance data to assess effectiveness, guide resource allocation, and support ongoing optimization decisions
- Delivered insights and recommendations to inform strategic decisions for a large GTA medical consultancy.

EDUCATION

- **Bachelor of Mathematics** (specializing in Math/Bus), Minor in Computer Science – **University of Waterloo, 2020**
- Certifications/Achievements: **CFA**, BMO Spotlight Award, Achievers' Awards (CIBC Capital Markets)
