PROFILE

Strategy and analytics professional who owns data products end-to-end and partners with stakeholders to drive measurable business outcomes. Experienced across financial services and healthcare, with a track record of translating complex data into clear, actionable insights.

WORK EXPERIENCE

Dawson Partners

Enterprise Solutions Associate

Toronto, Ontario

2023-Present

- Own the data extraction and analytics product as a product owner, leading cross-functional initiatives to modernize data capabilities and improve decision-making across investment and operating teams.
- Partner with senior stakeholders to prioritize initiatives and plan expansion by **forecasting time savings, cost impact, and broader organizational leverage**.
- Built and automated cloud-based analytics pipelines (BigQuery, Python), cutting valuation processing time by ~80% (10 hours → <2 hours) and improving data accuracy to ~95%.
- Present insights and product recommendations to leadership, influencing operational planning, investment decisions, and future roadmap direction.

Bank of Montreal Financial Group

Senior Data Analyst

Toronto, Ontario

2020-2023

- Supported business teams across 30+ campaigns by translating goals into targeting strategies and performance metrics.
- Improved targeting for a credit limit increase campaign, increasing response rates from <0.5% to ~3%.
- Built automated dashboards (**Tableau, Power BI**) to track performance and support decision-making.
- Worked closely with stakeholders to interpret results and refine strategy using data insights.

NdotDigital

Co-Founder (Entrepreneurship)

Mississauga, Ontario

2022-2023

- Co-founded a digital marketing and analytics consultancy serving healthcare clients, generating ~\$2K/month in recurring profit.
- Led client discovery and end-to-end delivery across paid media, tracking, performance reporting, and ongoing optimization.
- Built ROI-focused reporting and acted as primary point of contact for a large GTA-based medical consultancy.

EDUCATION

- **Bachelor of Mathematics** (specializing in Math/Bus), Minor in Computer Science – **University of Waterloo, 2020**
- Certifications/Achievements: **CFA**, BMO Spotlight Award, Achievers' Awards (CIBC Capital Markets)
